

# AWARDS

*Presentation*

## PHOTO ALBUM

**Young people took pride in planning and presenting their very own Awards Ceremony 2023 at The Village Hotel, Blackpool, on Monday night in celebration of their incredible achievements over the last 12 months through participation in three significant projects facilitated by The Boathouse Youth.**

Young people were awarded for their participation and achievements in a selection of three projects which have taken place over the last year, namely: the EmpowHER Legacy Project in partnership with UK Youth; the Duke of Edinburgh's Award at Silver Level; and the Level 2 Award in Youth Work Principles in partnership with the National Youth Agency.

The audience was amass with young people and their families combined with representatives from the charity's major-donor network, trustees, partner agencies and staff team who all raised the roof with applause as participants were called to the stage one-by-one to receive their awards.

Award-winners were provided with framed certificates and a 'year book' with individual pages dedicated to each of them including statistics about their participation and a selection of photographs as a keepsake. A delicious hot-buffet was served after the event providing guests with ample opportunity to sit and eat over reflective conversations about the evening and the journeys that the young people have all been on.

# A NIGHT TO REMEMBER

**We are incredibly proud of all the young people that were in attendance this evening. They have worked tirelessly in pursuit of their own achievements and betterment. Well done from all the team at The Boathouse Youth.**
